Technical Data Sheet

Trolleze™

TROLLEZE is a versatile hook, trolley and chain lubricant, effective in a variety of slaughter and processing environments. **TROLLEZE** is a premium blend of food grade based oils, and lubricity agents, designed for low drip, long life, rust protection, and excellent lubrication. **TROLLEZE** is appropriate for use on equipment with incidental food contact during processing in federally inspected meat and poultry plants.

Trolleze is:

- A versatile lubricant
- for
- Hooks
 - Gambrels
 - Trolleys
 - Chains

in beef, pork, and poultry processing environments.

DIRECTIONS

It is important to clean hooks, trolleys, and chains with a program compatible with your choice of oil. Let your **BIRKO** technical representative help develop the proper choice for your plant.

PROPERTIES

Form	Liquid
Color	Nearly Colorless
Odor	Oily
pH	Not Applicable
Foam	None
Biodegradable	Yes
Phosphates	No
Density	0.86
